 2. The term is still used today but not as often.
- B. “The early history of this group is identical to that of the Disciples of Christ. They developed from various religious movements in the United States in the early 19th century, especially those led by Barton W. Stone in Kentucky and Thomas Campbell and Alexander Campbell in Pennsylvania and West Virginia.... In 1832 his followers, known as Disciples of Christ, or Christians (nicknamed Campbellites), joined Kentucky “Christians,” followers of Barton W. Stone, to form the Disciples of Christ (Christian Church).” **(britannica.com)**

“The Disciples of Christ is an American-born religious group formed in 1832 by the merger of the Christian movement led by Barton Stone with the "Reforming Baptists," headed by Thomas and Alexander Campbell....Preaching similar pleas for Christian union and in frequent contact with one another in Kentucky, the Stone and Campbell movements sealed a remarkably successful union in 1832. Alexander Campbell and his followers generally favored the name Disciples of Christ, while the Stone churches continued to use the name Christian Church. Many local congregations were called Churches of Christ. All three names have been used throughout the movement's history....In the census of 1906 the most conservative wing of the movement (which was almost entirely southern) was identified separately and designated the Churches of Christ.” **(encyclopedia.com)**

“Members of the church of Christ do not conceive of themselves as a new church started near the beginning of the 19th century. Rather, the whole movement is designed to reproduce in contemporary times the church originally established on Pentecost, A.D. 33.” **(wikipedia.org)**
